

Jeff Grayzel commentary – October 15, 2014

Morris Township Committee meeting

Congratulations to the Hillside Hose Company on their anniversary. I attended their anniversary festivities at Lewis Morris Park. It looked like everybody had a good time.

The leaves have started falling and people are already putting them out in the street. I remind residents to keep their leaves out of the street and away from storm drains. The leaves can clog the storm drains during a big rainfall and this can cause local flooding.

It is deer mating season and there are many deer out and about, particularly at dusk. Drivers should be cautious and keep an eye out for deer at the side of the road.

A few weeks ago I received a phone call from someone claiming to be from the IRS. I hung up on the phone call because I had heard about this scam. The IRS does not call anyone directly on the phone. If you receive one of these phone calls please report it to the police.

The Township health department is conducting a seasonal flu clinic on October 20 where residents can receive a flu shot for the coming flu season.

The Recreation Department is hosting a free family movie night on October 25, the last one in their series of free movies this year.

It is an honor to serve on this body and represent our residents. It is also an honor to live in this great country of ours and within the special democracy we have. There is a general election coming up on November 4. I wish Mr. Caffrey and his running mate Mrs. Johnson the best of luck in the election. Of course, I wish my running mate Cathy Wilson all the best as well. The best way for our citizens to keep our democracy strong is to vote. I urge all of our residents to exercise their right to vote in the election on November 4.
