## **Township Committee Regular Meeting of February 15th**

The Township Committee held a regular meeting on February 15th. The agenda can be found here:

[http://www.morristwp.com/agendas/twpcomm\\_12-02-15.pdf](http://www.morristwp.com/agendas/twpcomm_12-02-15.pdf)

One **ordinance** was up for introduction and two were up for final adoption. The following ordinance was introduced and will be up for approval and final adoption at the March 21st meeting:

- **4-12 AN ORDINANCE OF THE TOWNSHIP OF MORRIS, MORRIS COUNTY, NEW JERSEY CONCERNING SALARIES FOR NONUNION PERSONNEL.**

The following ordinances were up for approval and final adoption, and both passed unanimously:

- **01-12 AN ORDINANCE OF THE TOWNSHIP OF MORRIS, MORRIS COUNTY, NEW JERSEY, CONCERNING SALARIES FOR MEMBERS OF MORRIS COUNTY COUNCIL NO. 6, NJCSA, FPTE, AFL-CIO.**
- **2-12 AMENDING CHAPTER 95, ZONING-OF THE CODE OF THE TOWNSHIP OF MORRIS RE: 95-54. C. OFF-STREET PARKING REQUIREMENTS FOR PARTICULAR USES (THIS ORDINANCE WAS REMANDED TO THE PLANNING BOARD OF THE TOWNSHIP OF MORRIS FOR REVIEW AND RECOMMENDATIONS)**

Several **resolutions** were then voted upon, and these can be found by clicking on the link to the agenda above. All resolutions were passed unanimously.

During the "Public Comment" portion of the meeting, two residents came up to the microphone to discuss various issues:

**The first resident** brought up several subjects:

- He thanked the Township for quickly following up on his complaint about the fallen light posts on his street.
- He asked that the Township Committee take their time reviewing the proposed amendment to the master plan and not to rush the process. He urged the Township Committee to get independent analysis of various aspects of the projects and to review and consider reports completely and thoroughly.

**The second resident** read a prepared statement about the proposed amendment to the township master plan. She was a representative of the citizens group C4BPMT and they have posted the comments on their website: <http://c4bpmt.org/our-statement-to-morris-township-committee/>

As is typical, the Township Committee commentary followed the public commentary. As announced in the last newsletter, my comments will be posted on line so that they are publicly available. Here are my remarks from the 2/15/12 meeting:

**Note:  
7:00pm  
meeting  
start time.**

The next Township Committee meeting will be on Wednesday March 21st at 7:00pm in our municipal building.

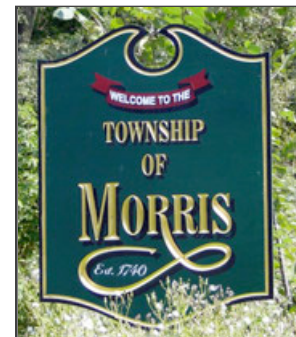

NOTE: This year the Township Committee has decided to start the public portion of our meetings at 7:00pm instead of the traditional 8:00pm as in the past. Please make note of the new 7pm start time.

### **Township Committee discussion on the Master Plan Amendment process**

In light of high public interest in the Honeywell development proposal before the Planning Board, at the January 18th Township Committee meeting I requested of Mayor Mancuso that we hold a public review of the role the Township Committee plays in the land-use planning and land-use law-making.

The Mayor honored my request, and the last item on our Feb. 15th agenda was a discussion of this topic. While our discussion was not quite what I had hoped for, I was pleased that the Township Committee took a step into public discourse.

In a soliloquy, the Township Committee was generally advised by the municipal attorney, John Mills, to hold off on discussion of any matter which would be referred to it by the Planning Board until that referral was made. Further, Mr. Mills reminded the Committee that the Master Plan was the Planning Board's responsibility and the Planning Board had full authority over it. He said that zoning ordinances or laws which were expected to follow the intentions of the Master Plan were the responsibility of the Committee. Should the Committee disagree with the substance or intent of the Master Plan, it could choose to not introduce the intended ordinance or to introduce a

different ordinance. However it would first need to explain itself through a "reasons resolution".

Here is a summary of the discussion from the Newsbee Newspaper:

### **Planning Board to hold March 5 public comment session for draft Master Plan Amendment for Honeywell**

At its January 9th meeting, the Planning Board discussed a draft amendment to the Township's Master Plan to enable mixed-use development at the 147-acre Honeywell property on Columbia Turnpike and Park Avenue. A newly created zone would allow hundreds of town houses, retail space, office buildings, and a 400-unit CCRC on a subdivision of the Honeywell tract.

You will find a copy of the draft master plan amendment on the website of "Citizens For better Planning in Morris Township". This is a citizen group formed to monitor Honeywell site development planning. See their website: <http://c4bpmt.org/call-to-action/>
